PHOTOGRAPHIC & RECORDED IMAGES POLICY

The use of photographs and recorded images can be extremely useful for positively celebrating the success of young people in volleyball and assisting with training.

Rugby Phoenix Volleyball Club does not wish to prevent parents, spectators or coaches being able to take legitimate photographs or recorded images. However, Rugby Phoenix is committed to protecting young people from the inappropriate or uninformed use of their image in resources, media publications, on the internet and elsewhere. With the development of new technologies, it is increasingly easy to publish images at the point of action, through social media, live streaming and cloud technology which requires increased awareness and understanding of the need to prevent inappropriate or uninformed use.

Use of Photographic & Recording Equipment

Equipment can include; cameras, mobile phones, MP4 players, handheld consoles and other personal electronic devices.

A registration process has been implemented for photographers when taking and using photographic and recorded images of young people, whether at an event, training or during matches. This will help to deter those wishing to take photographs or recorded images for inappropriate use.

- Professional photographers/film/video operators wishing to record a Rugby Phoenix Volleyball Club event should seek permission from the event organiser by producing their professional identification for the details to be recorded. Ideally they should request this at least five working days before the event.
- Students or amateur photographers/film/video operators wishing to record the Rugby Phoenix Volleyball Club event should seek permission from the event organiser by producing their student or club registration card and a letter from their club or educational establishment outlining their motive for attending the event.
- All other spectators wishing to use photographic/film/ video equipment should register with the event organiser on the day.
